FULL DESCRIPTION

Located in the center of Estepona Golf, this villa project is a collection of just ten magnificent residences. Gorgeous views of the Sierra Bermeja mountains, golf courses, and the Mediterranean are available on each of the properties. The interior built area exceeds 400 m² and is situated on a 756 m² plot. They have three floors and three bedrooms, each with an en-suite bathroom. The spacious basement offers additional space for three more bedrooms. The villas also feature roomy patios and terraces measuring more than 100 m². The main floor features an open-plan layout for the living area, an integrated kitchen, and a bedroom, contributing to the interior's brightness and spaciousness. The master suite, which also has a private patio with the option to install a jacuzzi, is located on the upper floor. Basement options include an additional bedroom, spa, gym, wine cellar, or movie room.
